## Garage Floor Protection Mat

Product Name: Garage Floor Protection Mat

Size: 7'9" X 16', 7'9" X 18', 8'6" X 20', 9' X 22', etc.

Product Features:

**\*Heavy Duty Fabric**

UNEEED garage containment mat use the most heavy duty fabric on the market, which is trusted in the trucking industry and handles America's toughest conditions.

**\*Built-in Containment Edge**

UNEEED garage containment mat seams are a closed cell foam material and will not absorb moisture. This material works in all

---

temperature environments and will endure tire traffic.

**\*Heat-Sealed Watertight Seams**

UNEEED garage containment mat seams are reinforced and thermal welded to provide durability and longevity. They were designed to allow more room in the corners for water, mud, oil, snow or any other liquid drip to be captured.

**\*Stay-Put Corners**

Don't worry about your mat ever moving again! Our high quality Stay-Put Corners ensure you stays in place even in the messiest situation.
